

**Challenge:** Identify the repeating pattern for jumping through the portals.

In this challenge, a simple [pattern](#) works for each of the gems. Figure out how to collect the first gem, and then see if that same pattern works for all of the gems.

---

```
for i in 1 ... 5 {  
    moveForward()  
    turnLeft()  
    moveForward()  
    moveForward()  
    collectGem()  
    turnRight()  
}
```
